

K-LOVE is a great encouragement for me and my family. We have been listening to K-LOVE for over a year now and are extremely grateful that this kind of radio station can be broadcast to our rural area. If it wasn't for this station, I feel that my (and others) positive attitude would not be as strong. Many at our church also listen to K-LOVE and talk about it all the time. Please don't take this station away from us, or other small rural communities served by this station and all the towers it is broadcast from.

S. Keith Fields, RN
